**THE DAILY BULLETIN**  
Is published every morning, and circulated throughout the town, and forwarded to the other islands by every opportunity.

Subscription, - 25 cents per month.  
11,946 packages of sugar came to hand this morning.

Mr. E. P. Adams will offer hay for sale at Auction to-day. See advertisement.

The steamers Likelike for Windward Ports, Lehua for Molokai and Maui, and Kilauea Hou for Kahului, leave this afternoon at 4 o'clock.

The "People's Omnibusses" are a great convenience to our citizens, and are deservedly well patronized. But a suggestion has been made in our hearing in regard to them which we think is worthy of attention by those interested; it is to the effect that smoking of pipes, cigars, and cigarettes in the omnibus be prohibited. This is due to the lady passengers, if not to the gentlemen.

When excavations are made, in narrow streets especially, for the purpose of tapping, or repairing the water pipes, care should be taken not only that the hole should be securely covered in view of possible accidents, but that it should be filled up as soon as possible. On Adam's Lane, recently, a buggy containing a lady, gentleman, and child came near having a serious accident through one of these holes in the ground.

The British Commissioner and the Hon. Mr. Cleghorn returned on Saturday evening from their tour of inspection of the labor system on this Island. It is not definitely settled as to when they shall extend their labors to Maui and Hawaii. We may eventually expect a valuable report of the result of their observations, in a report to the Minister of the Interior.

The Ship Earl Dalhousie sailed for San Francisco last Sunday morning, taking away a large cargo, consisting of 16,132 pkgs of sugar, weighing 1,808,897 pounds, 1209 bags rice, 349 pkgs of Molasses containing 12,318 gallons, 130 pkgs sperm oil containing 24,562 gallons, 101 bunches bananas. Total value of cargo \$165,167.28.

The success which has recently attended artesian well-boring at Palama and Kalihi will tend to stimulate further enterprise in that direction. We hear that Jas. Campbell, Esq., intends to sink a number of new wells on his property at Ewa, with a view to the encouragement of small farmers—a most valuable proposition—and that some others have similar enterprises in view. Speed the plow!

The old saying about going abroad for news of home is illustrated in the following paragraph, which we find in the *Atta* of April 1st, under the head of Japanese news: "It is rumored that United States Minister Bingham has been employed by the King of the Sandwich Islands to negotiate a new treaty with Japan."
